

Arrival at Ferienwohnung Umkirch

Dear guests,

unfortunately, we will not be able to receive you personally at the time of your arrival.

However, we have deposited the key for you in a key safe directly at the entrance.

For your arrival please follow the following address:

Tunibergstraße 13, 79224 Umkirch

You will find the key safe directly to the left of the entrance.

We change the code regularly, we will inform you of the current one **separately**.

After opening the protective flap (slide it downwards), please set it correctly using the four wheels.

After correct setting, please press down the lever to the left of the numbers. If this does not work, please check the code.

After removing the key, please lock the safe again and change the code.

The slightly smaller of the two keys fits on the front door to your right.

After opening the front door, please **go down** one flight of stairs. You will then walk directly to the entrance of the apartment (slightly to the right). The larger of the two keys will fit there.

You will end up directly in the main room, the bed is behind the partition on the right straight ahead. Kitchen and bathroom on the right around the table. All important information (WIFI) can be found in the **red folder**.

Please contact us the day after your arrival. You will find us in the flat directly above the apartment, just ring the bell at “Hill”.

We wish you a smooth arrival and look forward to welcoming you as our guests soon!

With best regards,

yours Familie Hill
